

IASC-ARS 2022: Call for Contributed Talks and e-Posters

The 11th Conference of the Asian Regional Section of the International Association for Statistical Computing

Doshisha University, Kyoto, JAPAN (Delivered in a hybrid format)

21-24 February 2022

The Local Organizing Committee of the IASC-ARS 2022 invites submissions for the 11th conference on “Data Science Everywhere: Innovations in Statistical Computing”. The conference will be held on 21-24 February 2022 in a hybrid format, combining an in-person conference on the campus of Doshisha University with a virtual component.

This conference will provide a platform for researchers from academia and industry to share their innovative findings, exhibit the latest studies and applications, and build up networks with peers in variety areas, including but not limited to, Bayesian computation, biostatistics and biocomputing, clustering and classification, computational econometrics, computer intensive methods, data visualization, functional data analysis, graphical models, high-dimensional data analysis, image processing, machine learning, mixture models, nonparametric statistics, numerical methods in statistics, optimization in statistical modeling.

The conference will consist of invited talks, contributed talks and e-posters. The official language for all submissions is English. Each presenter can choose either on-site or online participation.

Contributed talk sessions will consist of oral presentations with 20 minutes each (including discussion).

Contributed e-poster sessions will be held online. Presenters should submit both 5-minute pre-recorded presentation video and a poster file with one-page, A1 landscape size, prior to the conference.

Submission of abstracts for contributed talks and e-posters can be made via the online registration and submission system <https://iasc-ars2022.org/portal>. All presenters are required to register for the conference before submission. The submission deadline is **30 October 2021**.

All submissions will be reviewed and selected by a panel of experts in the field. Authors will be notified of the review panel's decision by 30 November 2021. Successful submission will be acknowledged with an electronic receipt including a reference number, which should be quoted in all correspondence.
